

FOR IMMEDIATE RELEASE

Strengthening Our Impact in San Mateo County

Burlingame, CA — November 19, 2025

SolMateo is delighted to announce an exciting new chapter in its commitment to mental health services across San Mateo County. Following a thoughtful and rigorous process led by the Nonprofit Selection Committee—and affirmed by a vote of the General Membership—SolMateo is proud to launch an expanded grant-making strategy that strengthens its impact throughout the community.

SolMateo will continue its longstanding support for the **Mental Health Association of San Mateo County (MHA)** while officially welcoming two new partners: **Family Connections** and **NAMI of San Mateo County (NAMI SMC)**.

This balanced approach allows SolMateo to:

- Deepen support for individuals living with serious mental illness (MHA)
- Expand early intervention and prevention efforts for families (Family Connections)
- Strengthen advocacy and peer support across the county (NAMI SMC)

Together, these partnerships create a more comprehensive continuum of mental health care—from birth through adulthood.

Community members are invited to learn more about the incredible work of these three organizations and celebrate this milestone at SolMateo's **Holiday Auction & Luncheon on Friday, December 5**. This special event will highlight the expanded partnerships and the future of SolMateo.

About SolMateo

SolMateo is a volunteer group working to support our local community with issues surrounding mental health. By raising money and awareness for organizations that provide essential services like suicide prevention, emergency housing for homelessness, and counseling services, we strive to help our neighbors obtain important resources in times of need.
